PROPERTY DESCRIPTION

1. LOCATION AND SETTING

The Sheridan Work Center is located in Madison County, in the Town of Sheridan, Montana. Within the Town, the property's lots are located on the northern end, east of Hwy 287, on Mill Street. The lots adjacent to the property on the east and west are residential. The property across Mill Street to the south is a city park. The adjacent property to the north is vacant agricultural land. Mill Creek runs along the north end of the property.

2. SALE PARCEL DESCRIPTION

The property consists of lots 9, 10, and 11 of Runkle's addition, situated in the NW $\frac{1}{4}$ SW $\frac{1}{4}$, Section 26, T. 4 S., R. 5 W., P.M.M., Sheridan, Montana. Together the lots make up approximately 1.08 acres. The three lots will be sold as one parcel.

The following improvements are located on the parcel:

- a. A former office consisting of 1,134 gross square feet was constructed in 1936, and has two main office rooms and a bathroom. The flooring in the bathroom is vinyl, with carpet in the office areas. The building includes an unfinished basement and has no floor covering over the concrete slab. The heating system for the building is an electric forced air furnace, which is located in the basement. The building also has an air conditioning unit. Records show that there is asbestos present in the floor tile throughout the main floor. However, the asbestos is non-friable, and has been covered with carpet in the office areas. Radon monitoring was conducted in the late 1980's, and radon levels were found to be within the acceptable range.
- b. The Sheridan Ranger residence is a single family home constructed in 1958 with a full unfinished basement. The main floor is approximately 1,240 gross square feet, and includes three bedrooms, one bathroom, a kitchen, a living room, and a utility room. The residence includes an attached single car garage that is approximately 340 square feet. The flooring on the main level consists of vinyl flooring in the kitchen and bathroom, wood flooring in the living room and two of the bedrooms, and carpet in one bedroom and the hallway. The basement is unfinished, and no flooring has been installed over the concrete slab. The heating system for the residence includes a fireplace located in the living room on the main level, and a forced air natural gas. There is no air conditioner. Records indicate that there is asbestos present in the backing of the vinyl sheet flooring located in the kitchen and utility room, and the hallway. The asbestos is non-friable, not damaged, and has been managed in place. Radon monitoring was conducted in the late 1980's, and radon levels were found to be below the recommended exposure level. A lead-based paint inspection and risk assessment has been conducted on the residence by an EPA certified and licensed company. Lead-based paint was confirmed at a few locations on the exterior of the residence, including the siding, trim, roof panels and trusses.
- c. The Sheridan Housing Area Station Garage is a wood framed garage constructed in 1936 consisting of 705 gross square feet. A metal sided lean-to was added to the back of the garage.
- d. The Sheridan Oil House - is a wood framed storage building constructed in 1936 consisting of 173 gross square feet.

TERMS OF SALE

1. DEFINITIONS

a. INVITATION FOR BIDS

The term "Invitation for Bids" ("IFB") refers to this document and the following items that are attached hereto and incorporated herein: the Property Description; Terms of Sale; Instructions to Bidders; Notice and Covenants, Bidder Registration and Bid Form for Purchase of Government Property. Should the aforementioned documents be modified or supplemented by any addenda or amendments issued by the Government prior to the conclusion of the online auction, those addenda and amendments shall be part of the IFB.

b. GOVERNMENT

The term "Government" as used herein refers to the United States of America, and is used interchangeably with "Seller" and "Grantor."

c. GENERAL SERVICES ADMINISTRATION

The term "General Services Administration" ("GSA") as used herein refers to the United States General Services Administration, a Federal agency conducting this sale in agreement with the United States Forest Service. The Forest Service has full custody of and all accountability for all matters, known and unknown, concerning the physical, title, and environmental condition of the Property.

d. PROPERTY

The term "Property" refers to the property or properties described in the Property Description of this IFB.

e. PURCHASER

The term "Purchaser" refers to the bidder whose bid the Government accepts and is used interchangeably with "Buyer" and "Grantee."

f. BIDDER(S)

The term "Bidder" or "Bidders" as used herein refers to the offeror or offerors for the purchase of the subject Property, and is used interchangeably with "you."

g. BID INCREMENT/INTERVAL

The "Bid Increment" is the minimum amount of money required to increase a starting or current bid. "Bid Interval" is the maximum amount of time in which to make a bid before the auction ends. The Bid Interval is also referred to as the Inactivity Period at RealEstateSales.gov.

h. FLAT BID

A flat bid is for an amount at least the current bid plus the posted minimum Bid Increment. If the bid is greater than another bidder's automatic bid, the system will consider this flat bid as the current (winning) bid. If the bid is less than or equal to another bidder's automatic bid, the system will record the bid but it will not be considered the current (winning) bid.

i. AUTOMATIC BID

Also known as "bid by proxy" wherein the bidder establishes a person to bid on their behalf at auction up to a certain limit. In the case of on-line auctions, computers have automated the proxy role and bidders establish their bid limits on-line and the software answers bid challenges by automatically making the next bid increment up to the proxy limit.

j. HIGH BIDDER

The term "High Bidder" refers to the bidder, whose bid conforms to the terms and conditions of the IFB, is the highest dollar bid at the close of the auction and is determined by the Government to be the most acceptable bid.

k. BACKUP BIDDER

The term "Backup Bidder" refers to the bidder, whose bid conforms to the terms and conditions of the IFB, is the second-highest dollar bid at the close of the auction and is determined by the Government to be the most acceptable bid.

l. EARNEST MONEY

The term "Earnest Money" refers to the Bidder's deposit of money demonstrating the Purchaser's good faith offer to the Government to fully execute and comply with all terms, conditions, covenants and agreements contained in any contract resulting from the Government's acceptance of the Bidder's offered bid price. Once a bid is accepted by the Government for contract, all prior deposits made by the Purchaser to register for the sale, subject to this Invitation for Bids, become Earnest Money to the benefit, custody, accountability and control of the Government.

m. WEBSITE

The GSA Auctions® website, GSAuctions.gov, has been developed to allow the general public the opportunity to bid electronically on a wide array of Federal assets, including real property. Auctions for real property are offered as a separate asset category at GSA Auctions and can be viewed at RealEstateSales.gov. Additional information can also be found at propertydisposal.gsa.gov.

2. DESCRIPTION PROVIDED IN IFB

The description of the Property, and all other information provided with respect to the Property set forth in the IFB, are based on the best information available to GSA, Real Property Utilization and Disposal (7PZ) and are believed to be correct. Any error or omission, including but not limited to, the omission of any information available to the agency having custody over the Property and/or any other Federal agency, shall NOT constitute grounds or reason for nonperformance of the contract of sale, or claim by purchaser for allowance, refund or deduction from the purchase price.

3. INSPECTION

The Property will be made open for inspection according to dates and times posted at www.realestatesales.gov:

No one will be allowed access to the Property without the presence of a Forest Service employee or designee.

Bidders are invited, urged, and cautioned to inspect the Property prior to submitting a bid. The failure of any bidder to inspect, or to be fully informed as to the condition of all or any portion of the Property, will not constitute grounds for any claim or demand for adjustment or withdrawal of a bid after the auction.

4. CONTRACT

The IFB and the bid, when accepted by the Government shall constitute an agreement for sale ("Agreement") between the high bidder ("Purchaser") and the Government. Such Agreement shall constitute the whole contract to be succeeded only by the formal instrument(s) of transfer, unless modified in writing and signed by both parties. No oral statements or representations made by, or for, or on behalf of either party shall be a part of such contract. In addition, the Purchaser shall not transfer or assign the Agreement without the express written consent of the Government. Any assignment transaction without such consent shall be void.

5. CONDITION OF PROPERTY

The Property is offered for sale **"AS IS" AND "WHERE IS"** without representation or warranty, expressed or implied. The Purchaser, and Purchaser's successors and assigns, or any party-in-possession of the Property, or any part thereof, further acknowledges that the Government makes no representations or warranty concerning the title, zoning, character, condition, size, quantity, quality and state of repair of the Property. The Government makes no other agreement or promise to alter, improve, adapt or repair the Property not otherwise contained herein. Purchaser shall rely solely on its own due diligence and examination of the Property. Purchaser acknowledges that there will be no claims or any allowances or deductions upon grounds that the Property is not in condition or fit to be used for any purpose intended by the Purchaser after the conclusion of the auction. An "As

Is, Where Is" provision will be included in the Quitclaim Deed. A sample deed is provided in the Notices and Covenants section.

6. ZONING

The Property has no formal zoning according to conversations with local government officials. Verification of the present zoning and determination of permitted uses, along with compliance of the Property for any proposed future use, shall be the responsibility of the bidder; and the Government makes no representation in regard to zoning matters. Any inaccuracies or changes in the zoning information shall NOT be cause for adjustment or rescission of any contract resulting from this IFB. Bidders are advised to contact Madison County with any questions they may have.

7. RISK OF LOSS

As of the date of conveyance, the Purchaser shall assume all responsibility for care and handling and all risks of loss or damage to the Property, including but not limited to all buildings and other improvements located thereon, and assume all obligations and liabilities of ownership and no claim for any allowance or deduction upon such grounds will be considered after the conclusion of an auction.

8. TAXES, ASSESSMENTS AND OTHER COSTS

As of the date of conveyance, the Purchaser shall assume responsibility for all general and special real and personal property taxes or other assessments which have been or may be assessed on the Property, and for all sums due to be paid by the Government in lieu of taxes, which amount shall be prorated.

9. REVOCATION OF BID AND DEFAULT

Purchaser agrees that bids made to purchase the Property are binding offers and once accepted for contract by the Government, all deposits made by the Purchaser to register for the sale, subject to this Invitation for Bids, become Earnest Money to the benefit, custody and accountability of the Government.

In the event of (1) revocation of a bid after the conclusion of an auction, but prior to acceptance of the high bid by the Government, or (2) in the event of revocation of a bid after notice of acceptance, or (3) in the event of any default by the Purchaser in the performance of the contract of sale created by such acceptance, or (4) in the event of failure by the Purchaser to consummate the transaction, the Purchaser agrees that any Earnest Money and all deposits paid to the Government in any acceptable form, including credit card, together with any payments subsequently made on account, are subject to forfeit by the Purchaser to the Government at the option of the Government as damages for breach of contract, in which event the Purchaser shall be relieved from further liability. Purchaser agrees that all deposits made with credit cards are subject to forfeit upon Government determination of Purchaser's default and breach of contract. Purchaser shall not request retrieval, chargeback or any other cardholder refund.

Purchaser agrees and understands that a debt to the United States of America subject to claim or collection by applicable Federal law may be created if their Earnest Money is in any way made unavailable to the Government and that any party that knowingly participates in such retrieval or refund may be held fully accountable for interfering with a Government contract.

10. GOVERNMENT LIABILITY

If the Government accepts a bid for the purchase of the Property and (1) the Government fails for any reason to perform its obligations as set forth herein; or (2) title does not transfer or vest in the Purchaser for any reason, although Purchaser is ready, willing, and able to close; or (3) any other contractual claim or cause of action hereafter accrues in favor of Purchaser under the terms of this IFB, Government's liability to Purchaser shall be strictly limited to all amounts of money Purchaser has paid to Government without interest whereupon Government shall have no further liability to Purchaser.

11. TITLE EVIDENCE

Any bidder, at its sole cost and expense, may procure any title evidence that the said bidder desires. The Government will, however, cooperate with the Purchaser or their authorized agent in this transaction, and will permit examination and inspection of such deeds, abstracts, affidavits of title, judgments in condemnation proceedings, or other documents relating to the title of the premises and Property involved, as it may have

available. It is understood and agreed that the Government is not obligated to pay for any expense incurred in connection with title matters or survey of the Property.

12. TITLE

If a bid for the purchase of the Property is accepted, a quitclaim deed or a deed without warranty in conformity with local law and practice will convey the Government's interest. The Government does not pay for or provide title insurance.

13. EASEMENTS, ENCROACHMENTS, OUTSTANDING RIGHTS AND RESERVATIONS

Ditch Right-of-Way

Forest Service acquired the property subject to a reservation in the Warranty Deed Dated April 16, 1936 from the Charles Runkel, a widower, and Mrs. Mine Spuhler, a widow, filed in Madison County, at Book 129, Page 33, Madison County, Montana. This will be part of the conveyance document.

The Property will be sold subject to any and all covenants, reservations, easements, restrictions, encroachments, and rights, recorded or unrecorded, in favor of third parties, for highways, streets, power lines, telephone lines and equipment, pipelines, drainage, sewer and water mains and lines, public utilities, public roads, railroads and other rights-of-way, and any easements, reservations, rights and covenants reserved by the Grantor herein.

14. COVENANT AGAINST CONTINGENT FEES

The Purchaser warrants that he or she has not employed or retained any person or agency to solicit or secure this contract upon any agreement or understanding for commission, percentage, brokerage, or contingent fee. Breach of this warranty shall give the Government the right to annul the contract without liability or in its discretion to recover from the Purchaser the amount of such commission, percentage, brokerage, or contingent fee in addition to the consideration herewith set forth. This warranty shall not apply to commissions payable by the Purchaser upon the contract secured or made through bona fide established commercial agencies maintained by the Purchaser for the purpose of doing business. "Bona fide established commercial agencies" has been construed to include licensed real estate brokers engaged in the business generally.

15. CONTINUING OFFERS

Each bid received shall be deemed to be a continuing offer for **sixty (60) calendar days** after the close of the online auction until the bid is accepted or rejected by the Government.

If the Government desires to accept any bid after the expiration of the **sixty (60) calendar days**, the consent of the bidder shall be obtained prior to such acceptance.

16. TENDER OF PAYMENT AND DELIVERY OF INSTRUMENT OF CONVEYANCE

The closing date of the sale is thirty **(30) calendar days** after acceptance of the bid. Upon agreement by the Government, the Purchaser may close the transaction prior to the thirty (30) calendar day period.

On the closing date, the Purchaser shall tender to the Government the balance of the purchase price in the form of a cashier's check, certified check or electronic wire transfer. Upon confirmation that Purchaser's wire transferred funds have been received by the Government or that Purchaser's funds by check have been confirmed to the satisfaction of the Government, the Government shall deliver to the Purchaser the instrument, or instruments, of conveyance. The Government reserves the right to extend the closing date for a reasonable amount of time.

17. DELAYED CLOSING

Any change to the established closing date is subject to the written approval by the Government. The Government reserves the right to refuse a request for extension of closing. However, if the Government grants an extension, the Purchaser may be required to pay either: (i) a liquidated damages assessment of **\$100.00 per day**; or (ii) interest on the outstanding balance of the purchase price, whichever is greater, if the closing of the sale is delayed, and the delay is caused, directly or indirectly, by the Purchaser's action or inaction and not by any action on the part of the Government. The interest rate shall be computed based on the yield of 10-year United States Treasury maturities as reported by the Federal Reserve Board in "Federal Reserve Statistical Release H.15" plus

1½% rounded to the nearest one-eighth percent (⅛%) as of the date of bid acceptance. The Government may impose additional terms and conditions to grant an extension.

18. CLOSING COSTS, DOCUMENTARY STAMPS AND COST OF RECORDING

All closing costs, including escrow and financing fees, shall be borne solely by the Purchaser. The Purchaser shall pay all taxes and fees imposed on this transaction and shall obtain at Purchaser's own expense and affix to all instruments of conveyance and security documents such revenue and documentary stamps as may be required by Federal, state and local law.

All instruments of conveyance and security documents shall be placed on record in the manner prescribed by local recording statutes at the Purchaser's expense.

19. OFFICIALS NOT TO BENEFIT

No member or delegate to the Congress, or resident commissioner shall be admitted to any share or part of the contract of sale or to any benefit that may arise therefrom, but this provision shall not be construed to extend to the contract of sale if made with a corporation for its general benefit. GSA employees are prohibited from bidding on the Property offered in the IFB.

INSTRUCTIONS TO BIDDERS

1. AUCTION START DATE

The auction opens on August 1, 2016 at 10:00 A.M. (Central Time).

2. TYPE OF SALE

This sale will be an online auction conducted at RealEstateSales.gov. The auction will be conducted over a period of time, usually several weeks, as determined by bid activity. The date of the auction close (see Paragraph 10, Auction Close) will be announced at RealEstateSales.gov, with at least three business days prior notice. The auction may continue beyond that date as long as bidders continue to submit higher bids. Thus, the bidders determine when the sale closes by their bidding activity.

3. BIDS AND TERMS OF SALE

Bids to purchase must be ALL-CASH. Buyers are expected to arrange their own financing and to pay the balance in full by the closing date. No Government credit terms are available. GSA has no information on the availability of private financing or on the suitability of this Property for financing.

4. STARTING BID

This auction is being opened with an amount which does not represent the value of the Property but rather provides a reasonable starting point for the online auction. The starting bid will be displayed as the Current Bid. The Government seeks to obtain fair market value for the Property and reserves the right to reject any and all bids.

5. BIDDER REGISTRATION AND DEPOSIT

a. Bidder registration is a three-step process:

Section 552a), and will be collected to verify the data submitted by the user.

A credit card validation process will be conducted to prevent potential fraudulent bidding activity and to ensure that bidders are prepared to accept responsibility for their bidding activity and all submitted bids are valid. **The credit card information you provide at registration is used strictly for validation purposes. GSA Auctions® does not automatically charge credit cards on file. You**

6. BIDDING IN GENERAL

- a. Registered bidders may bid online by following the instructions at RealEstateSales.gov. By submitting your bid through RealEstateSales.gov, you agree that your bid is a binding offer. You will be legally obligated for any and all bids submitted using your Username and password.

After successful completion of the registration process, users, also known as "Bidders," are permitted to participate in online auctions. The Bidder Menu provides you with the capability to browse and place bids; track items of interest; follow auctions where bids have been placed; to change your personal information and settings; and to access an easy-to-use online Help Menu.

GSA Auctions® provides up-to-date information on your bidding status. You can check the bidding status by clicking on the Bid History.

- b. Bids received through RealEstateSales.gov are date and time stamped Central Time. The Government will not be responsible for any discrepancies between the time indicated on the Website and the apparent time indicated, displayed, or otherwise stated or represented by a registered bidder.
- c. Bids must be submitted without contingencies.
- d. Bidders that are currently in default status on GSAAuctions®, for non-payment or non-removal of items, will not be allowed to place bids for real property. They will only be allowed to "browse" the items. Once a bidder cures their default, they will be unblocked and be given access to begin bidding on items upon receipt of the required Registration Deposit. For more information, review the GSAAuctions® [Terms and Conditions](#).

7. CONTINUOUS BIDDING RESULTS AND AUCTION INFORMATION

Bidders are strongly encouraged to monitor bidding activity at RealEstateSales.gov. Bidders may also review bid activity by clicking on the "My Messages" tab once logged in. New bids are immediately posted at RealEstateSales.gov upon receipt. If you no longer have the high bid and the sale has not closed, you can go back to the item and place another bid. Bids cannot be lowered or canceled.

If your bid is not accurately shown on RealEstateSales.gov, then you should call GSA at (415) 522-3431 or (817) 978-2331. Bidders are urged to pay close attention to RealEstateSales.gov which will contain new, revised, and useful information regarding the high bid, modification to bid increment and the closing date of the auction.

8. ONLINE BIDDING

RealEstateSales.gov allows you to place either a flat or automatic ("proxy") bid. A flat bid is for an amount at least the current bid plus the posted minimum Bid Increment. If the bid is greater than another bidder's automatic bid, the system will consider this flat bid as the current (winning) bid. If the bid is less than or equal to another bidder's automatic bid, the system will record the bid but it will not be considered the current (winning) bid. The required minimum bid will be specified on the bid screen and once entered it will be displayed as the winning bid unless an automatic bid that is greater than this amount has been placed.

An automatic bid is an amount that you set above the posted minimum bid. [Realestatesales.gov](https://RealEstateSales.gov) will use as much of your bid as needed to make you the current winner of the auction or to meet the auction's reserve price. The system will automatically apply the minimum Bid Increment up to the total amount bid to make you the current winner of the auction or to meet the auction's reserve price. Your automatic bid amount is not shown to other bidders until it is reached through competitive bidding. You may change your bid amount but not less than the next bid increment amount. If the system reaches your automatic bid limit, it stops bidding for you. Submit another bid if you want to continue bidding. If you selected to receive e-mail notifications during registration, the system will notify you if you are no longer holding the winning bid. You can submit another flat bid or reset your automatic bid amount if you want to continue bidding. Your automatic bid is not shown to other bidders. If a reserve price is set, RealEstateSales.gov will use as much of your bid as needed to meet the reserve price.

When two automatic bids compete, the greater of the two always wins. If the greater automatic limit does not exceed the lesser automatic limit by the full stated Bid Increment, then the greater automatic limit bid is placed. You may increase or decrease your automatic bid limit at any time. You cannot decrease your automatic bid below the current bid. If you are currently the winner in an auction, increasing your automatic bid will not increase your current bid until challenged by another bid. Changing your automatic bid may affect the indicated time remaining.

If you learn from RealEstateSales.gov that your bid was not the high bid, or if another bidder exceeds your previous high bid, you may increase your bid at RealEstateSales.gov until such time as bidding is closed. Increases in previously submitted bids are welcome and your Registration Deposit will apply to subsequent increased bids. All increased bids must be made online. **The Government reserves the right to modify the Bid Increment at any time prior to the close of the auction.**

9. TRANSMISSION AND RECEIPT OF BIDS

The Government will not be responsible for any failure attributable to the inability of the bidder to transmit or the Government to receive registration information, bid forms or a bid by any method. Failure to receive registration information, bid forms or a bid may include, but is not limited to the following:

- a. Receipt of a garbled or incomplete bid.
- b. Availability or condition of the sending or receiving electronic equipment.
- c. Incompatibility between the sending and receiving equipment and software.
- d. Malfunctioning of any network, computer hardware or software.
- e. Delay in transmission or receipt of a bid.
- f. Failure of bidder to properly identify the bid.

- i. Unavailability of GSA personnel.

The Website will NOT be available during the following system maintenance windows:

- Saturday: 5:00 A.M. to 8:00 A.M. CT
- Sunday: 6:00 A.M. to 10:00 A.M. CT

The Website may NOT be available during the following system maintenance window:

Occasionally, technical problems will interrupt the bidding process for an unspecified amount of time. These interruptions may affect some or all bidders. In the event of an interruption, an evaluation of the length of interruption time and the numbers of bidders affected may prompt GSA AuctionsSM to extend the closing time for an auction. Extension may range from 1 hour to 24 hours based on the aforementioned criteria, to insure fair and full competition. An email notification will be sent to those bidders who participated in these auctions when they are extended.

10. AUCTION CLOSE

The Government will announce a date and time for the Close Time on RealEstateSales.gov. The Government will also set a Bid Interval or "challenge" period for bids. The Time Remaining countdown clock announces the time left to bid. The High Bid must survive the Bid Interval without challenge, usually within 24 hours of the auction close time, to win. If the High Bid on the announced date and time survives the full Bid Interval period without challenge, then bidding will close at the stated time and consideration for bid acceptance will be given to the High Bidder.

If an increased bid is received within the Time Remaining and the Bid Interval is 24 hours, then bidding will be held over for an additional Bid Interval (including weekends and Federal holidays) beginning at the time the increased bid is placed. This process will continue until the high bid survives the full Bid Interval period unchallenged. Bid Intervals may be changed from 24 hours (reduced or increased) as determined by the Government. For Bid Intervals of less than 24 hours, the auction will not close during non-business hours, weekends or Federal holidays and the bidding will continue to the next business day. **The Government reserves the right to increase or decrease the Bid Interval at any time prior to the close of the auction.** Bidder agrees that notices of changes to the sale are satisfactory when made available on the Website at RealEstateSales.gov.

11. ACCEPTABLE BID

An acceptable bid is one received from a responsible bidder, whose bid, conforming to this IFB, will be most advantageous to the Government.

12. BID EXECUTED ON BEHALF OF BIDDER

A bid executed by an attorney or agent on behalf of the bidder shall be accompanied by an authenticated copy of their Power of Attorney or other evidence of their authority to act on behalf of the bidder.

If the bidder is a corporation, the Certificate of Corporate/Organization Bidder, included in this IFB, must be executed. The certificate must be executed under the corporate seal by some duly authorized officer of the corporation other than the officer signing the bid. In lieu of the Certificate of Corporate Bidder, there may be attached to the bid, copies of so much of the records of the corporation as will show the official character and authority of the officer signing, duly certified by the secretary or assistant secretary, under the corporate seal, to be true copies.

If the bidder is a partnership, and all partners sign the bid, with a notation that they are all general partners, the Government will not ordinarily require any further proof of the existence of the partnership. If all the partners do not sign the bid, then the names of all those except limited partners must be furnished on the bid and the Government, in its discretion, may require evidence of the authority of the signer(s) to execute the bid on behalf of the partnership. The name(s) and signature(s) of the designated bidder(s) must be included on the Bidder Registration and Bid Form.

If the bidder is a limited liability company, a certificate of the LLC must be completed and executed by the manager and submitted with the Bidder Registration Form. The Certificate of Corporate/Organization Bidder form may be used for this purpose.

13. NOTICE OF ACCEPTANCE OR REJECTION

Notice by the Government of acceptance or rejection of the bid shall be deemed to have been sufficiently given when faxed or mailed to the bidder or their duly authorized representative at the fax/phone number or address indicated in the bid. The processing of a registration deposit by the Government shall not, in itself, constitute acceptance of the bidder's offer. The Government reserves the right to reject any or all bids or portions thereof for any reason.

14. AUCTION SUSPENSION OR CANCELLATION

The Government reserves the right to temporarily suspend or cancel the auction for any reason without accepting a bid and resume the auction or start a new auction at any time. In the event of a temporary suspension due to technical problems, or other bidding issues, the Government will determine the high bidder and the high bid amount, re-open bidding and allow the auction to proceed according to the bidding terms described herein. The Government reserves the right to cancel the sale at any time and Registration Deposits will be returned to bidders without interest or further obligation by the Government.

15. ACKNOWLEDGMENT AND ACCEPTANCE OF DEED TERMS

- a. Upon bid acceptance, an unexecuted deed will be delivered to Purchaser by mail. Within ten (10) business days of acceptance of a bid by Government, the Purchaser must sign the Grantee acceptance line of the deed and return it to GSA by mail with the earnest money deposit described in Paragraph 17, Ten Percent Earnest Money and Transaction Closing, to the following address:

U.S. General Services Administration
Real Property Utilization and Disposal (7PZ)
819 Taylor Street, Room 11A30
Fort Worth, TX 76102
Attn: William A. Morgan
- b. Failure to provide acknowledgment and acceptance of the deed terms will result in a default and forfeiture of the Registration Deposit.
- c. A sample deed can be found on page 20 of this IFB.

16. INCREASE OF EARNEST MONEY AND TRANSACTION CLOSING

Within **five (5) business days** of acceptance of a bid by the Government, the Purchaser agrees to deposit Earnest Money in the form of a bank certified or cashier's check or wired funds transfer, equal to at least ten percent (10%) of the total bid in addition to any prior credit card deposits. Failure to provide these funds will result

in a default and forfeiture of the Registration Deposit. Upon receipt of the Earnest Money deposit, applicable credit card registration deposits may be refunded.

Upon acceptance of a bid, the Earnest Money shall be applied towards payment of the Purchaser's obligation to the Government. The full balance of the purchase price in the form of a certified check, cashier's check or electronic wire transfer is payable within **thirty (30) calendar days** after acceptance of bid. At the time of closing, all monies paid by the Purchaser will be credited, without interest, toward the total purchase price.

17. REFUND OF REGISTRATION DEPOSITS

Registration Deposits accompanying bids that are rejected will be refunded to bidders without interest. Bidders who provided Registration Deposits by check may elect to receive the refund by U.S. Treasury check or by an electronic funds transfer (EFT). Bidders will be required to provide GSA with a Taxpayer Identification Number (TIN) to ensure the proper refund of the Registration Deposit by the U.S. Treasury. The TIN may be either a Social Security Number (SSN) or an Employer Identification Number (EIN). The use of an individual's SSN is subject to the Privacy Act of 1974 (5 U.S.C. Section 552a), and will be collected only for the proper refund of the Registration Deposit. Refunds will only be processed to the same individual or entity identified by the TIN. Bidders requesting to receive a refund by EFT will be required to provide additional information to GSA including bank account information to process the refund. Registration Deposits provided by credit card will be credited to the same account number provided.

Upon receipt of the Earnest Money described in Paragraph 16, credit card deposits may be refunded.

Registration Deposits received from the second highest bidder will be held as stipulated in Paragraph 18, Back-up Bidder. All other Registration Deposits will be processed for refunds after the last day of the auction or upon written request to withdraw from the auction unless the bidder is the first or second highest bidder. Refunds by U.S. Treasury check or by EFT will be processed in a timely manner but may require several weeks to complete. Refunds to a credit card will usually be processed within three business days.

18. BACKUP BIDDER

The second-highest bidder will be the Backup Bidder. The bid of the Backup Bidder may be considered for acceptance for the duration of Continuing Offer period described in Terms of Sale, Paragraph 15, Continuing Offers, if: 1) the original High Bidder is unable to fully complete the transaction according to the terms and conditions of the IFB; or 2) if the original High Bidder fails to provide the required 10% of the purchase price as Earnest Money. The Bidder identified as the Backup Bidder agrees that their Bid remains a bona fide offer with which their Registration Deposit may be retained without interest, until the High Bidder provides the 10% Earnest Money or completes the transaction or both, at the Government's discretion. During the Continuing Offer period, the Bidder identified as the Backup Bidder agrees that they will not request retrieval, chargeback or any other cardholder refund and understands that a debt to the United States of America may be created if their deposits are in any way unavailable to the Government to which any party that participates in such chargeback or refund may be held accountable as provided in Terms of Sale, Paragraph 9, Revocation of Bid and Default. When the Backup Bidder is converted to the High Bidder, all terms, conditions and agreements described in the IFB are applicable to the successful bidder.

The Registration Deposit of the Backup Bidder will be returned as described in Page 14 Paragraph 17, Refund of Registration Deposits, if the Backup Bidder is not converted to the High Bidder. In the event that the Government is unable to complete the transaction with the highest or backup bidder, the Government reserves the right to consider the remaining bid(s) and accept a bid that is in the best interest of the Government.

19. ADDITIONAL INFORMATION

GSA will provide additional copies of this IFB and make every effort to answer requests for additional information concerning the Property to facilitate preparation of bids. Each bid shall be deemed to have been made with full knowledge of all terms, conditions, and requirements contained in this IFB and any amendments made thereto prior to bid acceptance. Bidders may also review the information pertaining to the Property at <https://propertydisposal.gsa.gov> or RealEstateSales.gov.

20. WAIVER OF INFORMALITIES OR IRREGULARITIES

The Government may, at its election, waive any minor informality or irregularity in bids received.

NOTICES AND COVENANTS

The conveyance of the Property is expressly made subject to the following matters to the extent the same are valid and subsisting and affect the Property:

- 1) All existing licenses, permits, easements and rights-of-way for public streets, roads and highways, public utilities, electric power lines, electric transmission facilities, railroads, pipelines, ditches, and conduits and canals on, over and across said land whether or not of record.
- 2) All existing interests(s) reserved to or outstanding in third parties in and to water rights, ditch rights, as well as oil, gas and/or minerals, whether or not of record.
- 3) All other existing interests reserved by the original GRANTOR(s) in chain of title unto said GRANTOR(s), their respective successors and assigns, which affect any portion of the Property interest(s) hereinabove described, whether or not of record.
- 4) Any survey discrepancies, conflicts or shortages in area or boundary lines, or any encroachments or protrusions, or any overlapping of improvements, which may affect the Property.
- 5) Existing zoning ordinances and resolutions, soil conservation district rules and regulations, and water conservancy district rules and regulations, filed of public record and affecting all or any portion of the Property.

The conveyance of the Property is made under and in consideration of the following notice, covenants, agreements, reservations and provisions:

A) NOTICE OF HAZARDOUS SUBSTANCE ACTIVITY

Pursuant to Section 120(h)(3)(A)(i) of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA)(42 U.S.C. §9620(h)(3)(A)(i), and based upon information submitted by the USDA Forest Service, the GRANTOR hereby gives notice that there is no prior history of hazardous substances that were known to have been released or disposed of or stored for one year or more on the Property.

B) CERCLA COVENANT

Pursuant to Section 120(h)(3)(A)(ii) of the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA"), 42 U.S.C. § 9620(h)(3)(A)(ii), the GRANTOR hereby warrants and covenants that

- 1) all response action necessary to protect human health and the environment has been taken before the date of this conveyance; and
- 2) it shall take any additional response action found to be necessary after the date of this conveyance regarding hazardous substances located on the Property on the date of this conveyance. This covenant shall not apply:
 - a. in any case in which Grantee, its successors or assigns or any successor in interest to the Property or part thereof is a Potentially Responsible Party (PRP) with respect to the Property immediately prior to the date of this conveyance; OR
 - b. to the extent but only to the extent that such additional response action or part thereof found to be necessary is the result of an act or failure to act of the Grantee, its successors or assigns, or any party in possession after the date of this conveyance that either:
 - i. results in a release or threatened release of a hazardous substance or petroleum products that was not located on the Property on the date of this conveyance; OR
 - ii. causes or exacerbates the release or threatened release of a hazardous substance or petroleum products, the existence and location of which was known and identified to the applicable regulatory authority as of the date of this conveyance; OR
 - iii. causes or exacerbates a release or threatened release of hazardous substances or petroleum products, the existence of which was previously unknown by GRANTOR

and Grantee as of the date of this conveyance, but which is hereafter discovered by Grantee, its successors or assigns, or any party in possession of the Property.

- 3) In the event Grantee, its successors or assigns, seeks to have GRANTOR conduct or pay for any additional response action or corrective action and, as a condition precedent to GRANTOR incurring any additional cleanup obligation or related expenses, the Grantee, its successors or assigns, shall provide GRANTOR at least 45 days written notice of such a claim. In order for the 45-day period to commence, such notice must include and provide credible evidence that:
 - a. the associated contamination existed prior to the date of this conveyance; and
 - b. the need to conduct any additional response action or corrective action or part thereof was not the result of any failure to act by the Grantee, its successors or assigns, or any party in possession.
- 4) These warranties and covenants do not apply with respect to lead-based paint or asbestos-containing building materials associated with structures related to the subject Property, as those matters are addressed elsewhere in this deed, in accordance with the Forest Service Facilities Realignment and Enhancement Act ("FSFREA"), P.L. 109-54, 16 USC 580d, Note.

C) CERCLA ACCESS

Pursuant to Section 120(h)(3)(A)(iii) of CERCLA, 42 U.S.C. § 9620(h) (3) (A)(iii), GRANTOR reserves a right of access to all portions of the Property for environmental investigation, response action or other corrective action, as needed to take action in accordance with the covenant, set forth above and made under Section 120(h)(3)(A)(ii) of CERCLA. This reservation includes the right of access to and use of available utilities at reasonable cost to GRANTOR. These rights shall be exercisable in any case in which a response action or corrective action is found to be necessary after the date of this conveyance or in which access is necessary to carry out a response action or corrective action on adjoining property. Pursuant to this reservation, the United States of America and its respective officers, agents, employees, contractors and subcontractors shall have the right (upon reasonable advance written notice to the record title owner) to enter upon the Property and conduct investigations and surveys, to include drilling, borings, test-pitting, data and records compilation and other activities related to environmental investigation, and to carry out response or corrective actions as required or necessary, including but not limited to the installation and operation of monitoring wells, pumping wells, and treatment facilities. Any such entry, including such activities, response, or corrective actions, shall be coordinated with the record title owner and shall be performed in a manner that minimizes interruption with activities of authorized occupants.

D) FSFREA DISCLOSURES AND WRITTEN ASSURANCES

Pursuant to Section 504(d)(3)(A) of the Forest Service Facility Realignment and Enhancement Act ("FSFREA"), Pub. L. 109-54, 16 USC 580d, Note, the GRANTOR hereby provides notice of the presence of lead-based paint and asbestos-containing building material on the Property by providing the GRANTEE with the following reports:

- 1) *Lead-based paint inspection report, dated May 30, 2016, prepared by GEM Environmental.*
- 2) *Asbestos survey report, inspection conducted October 16, 1990, prepared by Johnson-Graham Associates.*

Notwithstanding the covenants provided by the UNITED STATES in the previous Provisions, the GRANTEE hereby agrees to comply with any and all applicable Federal, State, and local laws relating to the management of lead-based paint and asbestos-containing building material associated with the Property, including but not limited to, any such laws relating to the mitigation, abatement, remediation, cleanup, renovation, demolition, and disposal of lead-based paint or asbestos-containing building material associated with structures on the Property. Notwithstanding the covenants provided by GRANTOR in the previous paragraphs, the GRANTEE hereby agrees to indemnify, release, defend, and hold harmless the UNITED STATES, its agencies, employees, agents, assigns, and successors from and against any

liability, judgment, claim, penalty, fine, or other adverse action (whether legal or equitable in nature, and including without limitation, court costs and attorneys' fees) brought against the UNITED STATES after the date of this agreement by any person or entity under any Federal, State, or local law, including but not limited to environmental and tort laws, with respect to any lead-based paint and/or asbestos-containing building material associated with the Property. This covenant to comply with applicable laws and to indemnify, release, defend, and hold harmless the UNITED STATES shall survive the subsequent conveyance of all or any portion of the Property to any person and shall be construed as running with the real property, and may be enforced by the UNITED STATES in a court of competent jurisdiction.

E) PESTICIDES

The Grantee is notified that the Property may contain the presence of pesticides that have been applied in the management of the property. The United States knows of no use of any registered pesticide in a manner inconsistent with its labeling, and believes that all applications were made in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA -- 7 U.S.C. Sec. 136, et seq.), its implementing regulations, and according to the labeling provided with such substances. Furthermore, that in accordance with the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA -- 42 U.S.C. Sec. 9601, et seq.), the use of such substances is not a "release" (as defined in CERCLA, 42 U.S.C. Sec. 9601 (22)), but instead the use of a consumer product in consumer use (42 U.S.C. Sec. 9601(9)), and the application of a pesticide product registered under FIFRA for which recovery for response costs is not allowed (42 U.S.C. Sec. 9607(i)).

F) POSSIBLE PRESENCE OF MOLD NOTICE

1. The Grantee is notified that various forms of mold may be present at various locations in the subject building(s) on the Property. Molds and mold growth may create toxins that can cause adverse health reactions to some humans after exposure, and which falls within the CERCLA "Limitations on Response" standards found at 42 U.S.C. 9604 (a)(3). The Federal Government has not set Standards or Threshold Limit Values for airborne concentrations of mold or mold spores.
2. Information provided to Grantee with respect to the Property is based on the best information available to the U.S. General Services Administration and is believed to be correct, but any error or omission, including, but not limited to the omissions of any information available to the agency having custody over the Property and/or any Federal agency, will not constitute grounds for liability for damages against Grantor for personal injury, illness, disability, or death, to the Grantee, its successors, assigns, employees, invitees, or any other person subject to the Grantee's control or direction.

G) AS-IS, WHERE-IS PROVISION

1. GRANTEE AGREES AND ACKNOWLEDGES THAT GRANTOR IS SELLING THE PROPERTY STRICTLY ON AN "AS IS, WHERE IS", WITH ALL FAULTS BASIS, WITHOUT WARRANTY, EXPRESS OR IMPLIED, WITH ANY AND ALL LATENT AND PATENT DEFECTS. Related Notice and Disclosures

A. NOTICE OF PRESENCE OF LEAD-BASED PAINT (LBP)

The Purchaser of any interest in real property on which a building was built prior to 1978 is notified that such property may present exposure to lead from lead-based paint that may place young children at risk of developing lead poisoning. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems, and impaired memory. Lead poisoning also poses a particular risk to pregnant women. The seller of any interest in residential real property is required to provide the buyer with any information on lead-based paint hazards from risk assessments or inspections in the seller's possession and notify the buyer of any known lead-based paint hazards. A risk assessment or inspection for possible lead-based paint hazards is recommended prior to converting the Property to a residential dwelling.

B. ASBESTOS CONTAINING MATERIALS

1. Bidders are warned that the Property contains asbestos-containing materials. Unprotected or unregulated exposures to asbestos in product manufacturing, shipyard, and building construction workplaces have been associated with asbestos-related diseases. Both the Occupational Safety and Health Administration (OSHA) and the Environmental Protection Agency (EPA) regulate asbestos because of the potential hazards associated with exposure to airborne asbestos fibers. Both OSHA and EPA have determined that such exposure increases the risk of asbestos-related diseases, which include certain cancers and which can result in disability or death.
2. Bidders are invited, urged, and cautioned to inspect the Property to be sold prior to submitting a bid. More particularly, bidders are invited, urged, and cautioned to inspect the Property as to its asbestos content and condition, and any hazardous or environmental conditions relating thereto. The Government will assist bidders in obtaining any authorization(s) which may be required in order to carry out any such inspection(s). Bidders shall be deemed to have relied solely on their own judgment in assessing the overall condition of all or any portion of the Property including, without limitation, any asbestos hazards or concerns.

3. No warranties either express or implied are given with regard to the condition of the Property including, without limitation, whether the Property is or is not safe for a particular purpose due to the presence of asbestos. The failure of any bidder to inspect, or to be fully informed as to the condition of all or any portion of the Property offered, will not constitute grounds for any claim or demand for adjustment or withdrawal of a bid or offer after its opening or tender.
4. The description of the Property set forth in this IFB and any other information provided therein with respect to said Property is based on the best information available to the disposal agency and is believed to be correct, but an error or omission, including but not limited to the omission of any information available to the agency having custody over the Property and/or any other Federal agency, shall not constitute grounds or reason for nonperformance of the contract of sale, or any claim by the Purchaser against the Government including, without limitation, any claim for allowance, refund, or deduction from the purchase price.
5. The Government assumes no liability for damages for personal injury, illness, disability or death, to the Purchaser, or to the Purchaser's successors, assigns, employees, invitees, licensees, or any other person subject to Purchaser's control or direction, or to any other person, including members of the general public, arising from or incident to the purchase, transportation, removal, handling, use, disposition, or other activity causing or leading to contact of any kind whatsoever with asbestos on the Property which is the subject of this sale, whether the Grantee, its successors or assigns has or have properly warned or failed properly to warn the individual(s) injured.
6. The Grantee further agrees that in its use and occupancy of the Property it will comply with all Federal, state, and local laws relating to asbestos.

C. RADON

Radon monitoring performed by the Forest Service in the late 1980's showed radon levels between 2.4 and 5.5 pC/L inside the residence. Limited radon testing results in Lincoln County (20 sites) showed an average radon level of 3.9 pC/L (State Database: MT Radon).

3. In the event Grantee, its successors or assigns, seeks to have GRANTOR conduct or pay for any additional response action or corrective action and, as a condition precedent to GRANTOR incurring any additional cleanup obligation or related expenses, the Grantee, its successors or assigns, shall provide GRANTOR at least 45 days written notice of such a claim. In order for the 45-day period to commence, such notice must include and provide credible evidence that:
- a) the associated contamination existed prior to the date of this conveyance; and
 - b) the need to conduct any additional response action or corrective action or part thereof was not the result of any failure to act by the Grantee, its successors or assigns, or any party in possession.
4. These warranties and covenants do not apply with respect to lead-based paint or asbestos-containing building materials associated with structures related to the subject Property, as those matters are addressed elsewhere in this deed, in accordance with the Forest Service Facilities Realignment and Enhancement Act ("FSFREA"), P.L. 109-54, 16 USC 580d, Note.

C) CERCLA ACCESS

Pursuant to Section 120(h)(3)(A)(iii) of CERCLA, 42 U.S.C. § 9620(h) (3) (A)(iii), GRANTOR reserves a right of access to all portions of the Property for environmental

investigation, response action or other corrective action, as needed to take action in accordance with the covenant, set forth above and made under Section 120(h)(3)(A)(ii) of CERCLA. This reservation includes the right of access to and use of available utilities at reasonable cost to GRANTOR. These rights shall be exercisable in any case in which a response action or corrective action is found to be necessary after the date of this conveyance or in which access is necessary to carry out a response action or corrective action on adjoining property. Pursuant to this reservation, the United States of America and its respective officers, agents, employees, contractors and subcontractors shall have the right (upon reasonable advance written notice to the record title owner) to enter upon the Property and conduct investigations and surveys, to include drilling, borings, test-pitting, data and records compilation and other activities related to environmental investigation, and to carry out response or corrective actions as required or necessary, including but not limited to the installation and operation of monitoring wells, pumping wells, and treatment facilities. Any such entry, including such activities, response, or corrective actions, shall be coordinated with the record title owner and shall be performed in a manner that minimizes interruption with activities of authorized occupants.

D) FSFREA DISCLOSURES AND WRITTEN ASSURANCES

Pursuant to Section 504(d)(3)(A) of the Forest Service Facility Realignment and Enhancement Act ("FSFREA"), Pub. L. 109-54, 16 USC 580d, Note, the GRANTOR hereby provides notice of the presence of lead-based paint and asbestos-containing building material on the Property by providing the GRANTEE with the following reports:

1. *Lead Based Paint Inspection report, dated May 30, 2016, prepared by GEM Environmental. Lead Based Paint Hazard Risk Assessment, dated June 13, 2016, prepared by GEM Environmental.*
2. *Asbestos survey report, inspection conducted October 1990, prepared by Johnson-Graham Associates.*

Notwithstanding the covenants provided by the UNITED STATES in the previous Provisions, the GRANTEE hereby agrees to comply with any and all applicable Federal, State, and local laws relating to the management of lead-based paint and asbestos-containing building material associated with the Property, including but not limited to, any such laws relating to the mitigation, abatement, remediation, cleanup, renovation, demolition, and disposal of lead-based paint or asbestos-containing building material associated with structures on the Property. Notwithstanding the covenants provided by GRANTOR in the previous paragraphs, the GRANTEE hereby agrees to indemnify, release, defend, and hold harmless the UNITED STATES, its agencies, employees, agents, assigns, and successors from and against any liability, judgment, claim, penalty, fine, or other adverse action (whether legal or equitable in nature, and including without limitation, court costs and attorneys' fees) brought against the UNITED STATES after the date of this agreement by any person or entity under any Federal, State, or local law, including but not limited to environmental and tort laws, with respect to any lead-based paint and/or asbestos-containing building material associated with the Property. This covenant to comply with applicable laws and to indemnify, release, defend, and hold harmless the UNITED STATES shall survive the subsequent conveyance of all or any portion of the Property to any person and

shall be construed as running with the real property, and may be enforced by the UNITED STATES in a court of competent jurisdiction.

E) PESTICIDES

The Grantee is notified that the Property may contain the presence of pesticides that have been applied in the management of the Property. The United States knows of no use of any registered pesticide in a manner inconsistent with its labeling, and believes that all applications were made in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA -- 7 U.S.C. Sec. 136, et seq.), its implementing regulations, and according to the labeling provided with such substances. Furthermore, that in accordance with the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA -- 42 U.S.C. Sec. 9601, et seq.), the use of such substances is not a "release" (as defined in CERCLA, 42 U.S.C. Sec. 9601 (22)), but instead the use of a consumer product in consumer use (42 U.S.C. Sec. 9601(9)), and the application of a pesticide product registered under FIFRA for which recovery for response costs is not allowed (42 U.S.C. Sec. 9607(i)).

F) POSSIBLE PRESENCE OF MOLD NOTICE

The Grantee is notified that various forms of mold may be present at various locations in the subject building(s) on the Property. Molds and mold growth may create toxins that can cause adverse health reactions to some humans after exposure, and which falls within the CERCLA "Limitations on Response" standards found at 42 U.S.C. 9604 (a)(3). The Federal Government has not set Standards or Threshold Limit Values for airborne concentrations of mold or mold spores.

Information provided to Grantee with respect to the Property is based on the best information available to the U.S. General Services Administration and is believed to be correct, but any error or omission, including, but not limited to the omissions of any information available to the agency having custody over the Property and/or any Federal agency, will not constitute grounds for liability for damages against Grantor for personal injury, illness, disability, or death, to the Grantee, its successors, assigns, employees, invitees, or any other person subject to the Grantee's control or direction.

G) AS-IS, WHERE-IS PROVISION

Grantee agrees and acknowledges that Grantor is selling the property strictly on an "as is, where is", with all faults basis, without warranty, express or implied, with any and all latent and patent defects. Grantee acknowledges that Grantor has made the property available for inspection by Grantee and Grantee's representatives. Grantee has inspected, or will have inspected prior to closing, the physical condition of the property to the extent felt necessary by Grantee, including all improvements thereon, and accepts title to the same "as is" in its existing physical condition. Grantee acknowledges that it is not relying upon any representation, warranty statement or other assertion of the United States of America, as Grantor, including its agencies or any official, agent representative or employee of the foregoing, with respect to the property's conditions. Except as set forth in the deed, Grantee is relying solely and wholly on Grantee's own examination of the property, is fully satisfied with the property, and accepts any liabilities or costs arising in connection with the

condition of the property, including, but not limited to any costs or liabilities pertaining to any environmental condition on the property. Except as set forth in section B, above, the United States of America and its agencies disclaim any and all express or implied warranties and specifically make no warranties of title, habitability, merchantability, suitability, fitness for any purpose, or any other warranty whatsoever. Grantee is put on notice that any prior grant and/or encumbrance may be of record and Grantee is advised to examine all public records available regarding the Property.

No employee or agent of Grantor is authorized to make any representation or warranty as to the quality or condition of the Property, merchantability, suitability or fitness of the property for any use whatsoever, known or unknown to Grantor, or compliance with any environmental protection, pollution or land use laws, rules, regulations, orders, or requirements including, but not limited to, those pertaining to the handling, generating, treating, storing, or disposing of any hazardous waste or substance. In no event shall Grantor be responsible or liable for latent or patent defects or faults, if any, in the Property or for remedying or repairing the same including, without limitation, defects related to asbestos or asbestos containing materials, lead, lead-based paint, underground storage tanks, mold, radon or hazardous or toxic materials, chemicals or waste, or for constructing or repairing any streets, utilities or other improvements shown on any plat of the Property.

Nothing in this “as is, where is” provision will be construed to modify or negate the Grantor’s obligation under the CERCLA covenant or any other statutory obligations.

IN WITNESS WHEREOF, the GRANTOR, by its duly authorized representative, has executed this Deed on the day and year first above written pursuant to the delegation of authority promulgated in Title 7 CFR 2.60 and 49 F.R. 34283, August 29, 1984.
